

FAQ

FREQUENTLY ASKED QUESTIONS

LIFEWAVE X₂O™

LIGHT-INFUSED™ WATER

PRODUCT OVERVIEW

WHAT IS LIFEWAVE X₂O™?

LifeWave X₂O is the first and only water technology system that infuses water with light - making light available to the body in a completely new way.

WHAT DOES LIFEWAVE X₂O DO?

LifeWave X₂O is the world's first water system that delivers light into the body through the water you drink. It transforms everyday water into a powerful wellness medium - infused with light energy to optimize hydration at the cellular level - energizing, restoring, and renewing from within.

HOW DOES LIFEWAVE X₂O WORK?

The system uses patented light-infusion technology, advanced dual-stage filtration with hydrogen enrichment to deliver clean, energized water that supports the body at the cellular level.

WHAT MAKES LIFEWAVE X₂O DIFFERENT FROM OTHER WATER SYSTEMS?

LifeWave X₂O is the first system to deliver light into the body through the water you drink. It goes beyond filtration to energize and optimize hydration from within, with some reporting effects occurring within seconds of consumption.

HOW DO I USE THE LIFEWAVE X₂O?

Simply fill the reservoir with your preferred water source (tap, spring, distilled, or deuterium-depleted), power on the unit, and select the treatment cycle. The system will automatically filter, energize, and enrich the water. After approximately 45 minutes, the treated water is ready to drink. For step-by-step guidance, refer to the Quick Start Guide or User Manual included in your package.

PRODUCT BENEFITS & FEATURES

WHAT ARE THE BENEFITS OF LIFEWAVE X₂O™ LIGHT-INFUSED WATER?

Optimizes hydration at the cellular level.

Results in seconds: Helps optimize key physiological functions, with some reporting effects occurring within seconds of consumption.

Supports metabolism and nutrient absorption, as optimized hydration may aid in metabolism, oxygen uptake, and amino acid synthesis.

Supports bioelectrical activity, energy levels and circulation, leading to enhanced wellness and vitality.

Provides antioxidant properties by infusing water with hydrogen (H₂), which acts as an antioxidant when dissolved in water - supporting the body's natural defenses.

Designed to amplify the benefits of LifeWave's non-transdermal patches and Cellergize supplements, making LifeWave X₂O an integral part of your daily wellness routine.

May help **reduce oxidative stress** and support overall well-being.

May help **build endurance and support recovery**, making it ideal for active and health-conscious lifestyles.

HYDROGEN CLAIMS DISCLAIMER: There are potential benefits of hydrogen-rich water on various aspects of health, including exercise capacity, physical endurance, and oxidative stress. While the initial research looks promising, more studies are needed to fully understand the extent of these benefits and the mechanisms behind them.

WHAT ARE LIFEWAVE X₂O PRODUCT KEY FEATURES?

- Patented light-infusion technology
- Advanced dual-stage filtration system
- Hydrogen enrichment process
- Works with multiple water sources
- Smart tracking & monitoring
- Fully automated operation
- Two-liter water reservoir
- Refreshing taste
- Durable stainless steel build
- Touchscreen display
- Elegant countertop design

WHEN SHOULD I EXPECT TO FEEL THE BENEFITS OF LIFEWAVE X₂O?

Some users notice effects within seconds, while others experience benefits with consistent daily use. Like any wellness tool, regular use is recommended for best results.

PRODUCT BENEFITS & FEATURES

ARE THERE ANY CLINICAL STUDIES OR SCIENTIFIC RESOURCES AVAILABLE ON LIFEWAVE X₂O™?

Yes. While LifeWave X₂O is an emerging innovation, supporting materials and scientific references related to its technology are available in the LifeWave Back Office under the “Resources” section.

USAGE & MAINTENANCE

HOW MUCH WATER SHOULD I DRINK DAILY?

We recommend drinking one 450ml (15oz) glass per day, preferably in the morning on an empty stomach.

CAN I STORE THE TREATED WATER?

We recommend drinking the water immediately after dispensing for the best experience. If you'd like to cool it, you may place it in the refrigerator for about an hour before drinking.

CAN I COOK OR BOIL THIS WATER?

We do not recommend boiling the water, as it may reduce its benefits.

WHAT TYPE OF WATER CAN I USE IN THE SYSTEM?

You may use tap, spring, filtered, distilled, or deuterium-depleted water. Do not use alkaline, carbonated water, or add minerals.

HOW OFTEN SHOULD I REPLACE THE WATER IN THE RESERVOIR?

We recommend changing the water every 2–3 days.

HOW DO I CLEAN THE UNIT?

Use a lint-free cloth and food-safe, non-abrasive soap to clean the exterior and reservoir. Avoid harsh chemicals or scouring pads. Clean the cup grate and drip tray regularly.

WHY DOES THE TIMER SHOW DIFFERENT TIMES AFTER I DISPENSE A GLASS?

The LifeWave X2O prepares water continuously during operation. When the touchscreen displays Dispense, two glasses of treated water are ready to serve.

After you dispense a glass, the system automatically begins preparing the next one. The timer on the screen shows the remaining time until the next glass will be ready. Because of this continuous process, the time shown on the timer may vary depending on when the previous glass was dispensed.

This is normal operation and ensures a steady supply of light-infused water.

FILTRATION & PERFORMANCE

WHAT CONTAMINANTS DOES THE LIFEWAVE X₂O™ SYSTEM REMOVE?

The Primary Filter forms the core of LifeWave X₂O's contaminant-reduction system. Created from a powerful filter system that is designed to reduce a broad range of impurities found in municipal tap water.*

*Our Primary Filter technology is currently undergoing accredited laboratory testing, state registrations, and full NSF certification. The Primary Filter was previously tested to remove all major water contaminants. In order for us to make formal written claims, the filter requires additional testing in our product configuration. We have selected this premium filter to best integrate with our technology, as well as with the secondary filtration and Hydrogen stages.

This filter forms the core of LifeWave X₂O's contaminant-reduction system. Created from a powerful filter system that is designed to reduce a broad range of impurities found in municipal tap water.

WHAT ARE THE BENEFITS OF HYDROGEN ENRICHMENT?

Hydrogen-enriched water may offer antioxidant support, help reduce oxidative stress, and support endurance and recovery.

HOW LONG DOES IT TAKE TO PRODUCE A GLASS OF WATER?

The system takes approximately 45 minutes to process two 450ml glasses of light-infused water.

CAN I MOVE OR TRANSPORT MY LIFEWAVE X₂O™ AFTER FILLING IT WITH WATER?

We do not recommend moving the unit once water has been added, as this can temporarily affect performance and may cause damage.

WHAT IF I NEED TO RELOCATE MY LIFEWAVE X₂O™?

If you must move it, please follow these steps:

- Keep the unit in your possession — do not ship it via courier or postal services.
- Always keep it upright during transport to prevent water from shifting inside.
- Fully drain the unit before moving. You can find instructions in the “Draining the System” section of your manual.

Returning to LifeWave: Shipping is only allowed when prepared according to the “How to Prepare Your LifeWave X₂O Unit for Shipment” guide, available through our customer services.

Note: Not following these instructions may affect performance and will void your warranty.

CAN I TURN THE LIFEWAVE X₂O™ LIGHT-INFUSED™ WATER SYSTEM ON OR OFF WITHOUT COMPLETELY UNPLUGGING IT FROM THE POWER SOURCE?

The LifeWave X₂O™ is designed to operate continuously for optimal performance, so it does not include a traditional On/Off button.

WHAT HAPPENS TO THE WATER IF I DON'T USE IT RIGHT AWAY?

The water remains active while it is in the light chamber. Any remaining filtered water can still be used later, and when dispensed, it will be activated by the light.

FILTER MAINTENANCE & CARE

HOW OFTEN DO I NEED TO REPLACE THE FILTERS?

We recommend replacing the filters every 6 months or sooner depending on usage and water quality. Your device will notify you when replacement is needed.

WHAT IS THE FILTRATION CAPACITY OF THE LIFEWAVE X₂O™ PRIMARY AND SECONDARY FILTERS?

Each 450ml glass of water adds up quickly — but our high-capacity filters are designed to last up to 6 months under typical daily use. After 6 months, we recommend replacing both filters to maintain optimal performance.

- The Primary Filter processes up to 250 gallons — equivalent to around 10 glasses per day.
- The Secondary Filter handles 150 gallons, or approximately 6 glasses per day.

For higher-use households, the LifeWave X₂O Unit is equipped with a smart display that will notify you when it's time to replace a filter, ensuring uninterrupted access to light-infused water.

HOW DO I INSTALL THE REPLACEMENT FILTERS?

Simply follow the step-by-step instructions provided in the user manual or in the filter replacement instructions for use. These are included in your product packaging and also available for download anytime via your Back Office resources. Replacement takes just a few minutes and does not require any tools. Replacement takes just a few minutes and does not require any tools.

WITH THE INITIAL FILTERS INCLUDED WHEN PURCHASING THE SYSTEM, IS A BACKUP PAIR ALSO INCLUDED?

The LifeWave X₂O Water Technology System includes one complete set of filters, comprising one Primary Filter and one Secondary Filter, for initial use. No additional or backup filters are included in the box.

WHERE CAN I BUY REPLACEMENT FILTERS?

Replacement filters for both the primary and secondary stages will be available for purchase through the LifeWave website and Back Office. Availability may vary based on rollout timing, so please check your Back Office or reach out to Customer Support for current access.

WHEN SHOULD I FLUSH THE FILTERS?

You should perform the flushing procedure when using your LifeWave X₂O Unit for the first time, after replacing the filters, or following long periods of inactivity.

For detailed instructions, please refer to the User Manual, Quick Start Guide, or the Filter Replacement Instructions for Use to ensure optimal performance and water quality.

TROUBLESHOOTING & SUPPORT

WHAT SHOULD I DO IF MY LIFEWAVE X₂O SYSTEM STOPS WORKING OR DISPLAYS AN ERROR?

Check the display panel for error messages and consult the user manual. If the issue persists, contact LifeWave Customer Service for assistance.

WHAT IF THE LIGHT PANEL OR TOUCHSCREEN STOPS RESPONDING?

Try restarting the unit. If the problem continues, discontinue use and contact Customer Service for support.

WILL THE USER MANUAL BE AVAILABLE ONLINE IF THE ORIGINAL IS LOST?

Yes. The product packaging includes a QR code that allows users to easily download the full set of manuals and guides for the X₂O unit. Simply scan the QR code to access the latest digital versions at any time.

WARRANTY & RETURNS

IS THERE A WARRANTY?

Yes, the system comes with a standard 1-year manufacturing warranty. An optional 4-year extended warranty is available for purchase. For complete warranty details, visit: www.lifewave.com.

HOW DO I PURCHASE THE EXTENDED WARRANTY FOR THE LIFEWAVE X₂O UNIT?

To purchase the extended warranty for your LifeWave X₂O Unit, please contact our Customer Service team directly. They will guide you through the process and ensure your warranty is added correctly.

The extended warranty can only be added within 365 days of your original purchase, so be sure to reach out as soon as possible if you're interested.

WHAT VOIDS THE WARRANTY?

Using non-approved filters or water types will void the warranty. Always follow usage guidelines. For complete warranty details, visit: www.lifewave.com

WHAT IS COVERED UNDER THE LIFEWAVE X₂O WARRANTY?

The LifeWave X₂O warranty covers manufacturer defects in materials and workmanship under normal use.

The warranty does not cover consumables like filters, damage caused by improper installation, unauthorized repairs, misuse, accidental damage or normal wear and tear. For complete warranty details, visit www.lifewave.com

CAN I RETURN MY LIFEWAVE X₂O UNIT?

Yes, please refer to our LifeWave X₂O Returns Policy on www.lifewave.com for details on unopened and used product returns. To initiate a return, please contact our Customer Service team.

IS SERVICING AVAILABLE?

If you experience an issue, contact our Customer Service team.

CAN I USE THE LIFEWAVE X₂O SYSTEM OUTSIDE OF THE UNITED STATES? WILL THE WARRANTY STILL APPLY?

The LifeWave X₂O Light-Infused™ Water Technology System is designed and warranted for use within the United States only. Use outside of the U.S. may lead to improper performance and will void the product warranty.

LifeWave cannot provide technical support, warranty replacements, or service for units used or shipped internationally. To ensure optimal performance and full warranty coverage, always use and operate the LifeWave X₂O system within the United States.

PURCHASING & DELIVERY

HOW CAN I BUY LIFEWAVE X₂O™?

LifeWave X₂O will be available through the LifeWave website and Back Office channels.

WHAT IS THE PRICE?

Brand Partner: \$5,495 | Preferred Customer: \$5,495 | Retail: \$5,995. All tiers include 2000 BV.

BRAND PARTNER	PRICE	BV/QV	RETAIL PROFIT
	\$5,495	2000	-

Note: At launch in April 2026, LifeWave X2O will be available exclusively to Brand Partners and will not be available to other customer types.

Access for Preferred Customers and Retail Customers will be introduced at a later date and will be announced once available.

IS THERE A SALES COMMISSION FOR LIFEWAVE X₂O?

Yes. When a Brand Partner enrolls a new Brand Partner who purchases a LifeWave X2O, the enrolling sponsor earns: \$1,000 USD Sales Commission | 2,000 BV

Payout Schedule:

The 2,000 BV is released in stages:

- 500 BV in Week 2
- 1,500 BV in Week 3

The \$1,000 Sales Commission is scheduled for payout within 45 days of the qualifying X2O purchase.

DOES SOMEONE NEED TO BE AN ACTIVE BRAND PARTNER TO PURCHASE OR SELL AN X2O SYSTEM, AND IF SO WILL PURCHASES BE MADE AT FULL RETAIL PRICE OR AT A BRAND PARTNER PRICE?

This is not a requirement.

IF AN UPLINE HAS NOT PERSONALLY PURCHASED AN X2O, BUT SOMEONE IN THEIR ORGANIZATION SELLS OR PURCHASES ONE, WOULD THAT UPLINE STILL RECEIVE COMMISSIONS?

Yes, this is the case.

DOES A BRAND PARTNER NEED TO PERSONALLY OWN AN X2O AND BE “X2O QUALIFIED” TO BE ABLE TO SELL X2O PRODUCTS?

No, the Brand Partner does not need to personally own an X2O unit to sell one.

HOW MUCH DOES IT COST TO REPLACE THE FILTERS FOR THE LIFEWAVE X₂O UNIT?

PRIMARY FILTER

BRAND PARTNER	PRICE	BV/QV	RETAIL PROFIT
	\$75	30	-

SECONDARY FILTER

BRAND PARTNER	PRICE	BV/QV	RETAIL PROFIT
	\$65	26	-

PRIMARY & SECONDARY FILTER BUNDLE (SAVE \$10 WHEN BOUGHT TOGETHER)

BRAND PARTNER	PRICE	BV/QV	RETAIL PROFIT
	\$130	55	-

CAN I FINANCE MY PURCHASE?

Yes, financing is available for the LifeWave X₂O™ Light-Infused Water Unit through PayPal’s Buy Now, Pay Later options at checkout. However, filter replacements are not eligible for financing and must be purchased outright.

HOW LONG DOES APPROVAL TAKE FOR PAYPAL’S BUY NOW, PAY LATER FINANCING?

Approval is typically instant at checkout. When you select a Buy Now, Pay Later option, PayPal performs a quick eligibility check based on factors like your account history, credit profile, and purchase details. If approved, you can complete your order immediately.

Note: Approval is not guaranteed and is subject to PayPal's assessment criteria. Terms and conditions apply.

IS THERE A SHIPPING FEE FOR THE X₂O SYSTEM?

Yes, standard shipping fees apply and are calculated at checkout. These fees are not included in the product price.

SALES RESOURCES & PROMOTIONS

WHAT SALES MATERIALS OR PRODUCT INFORMATION ARE AVAILABLE?

LifeWave offers a range of resources, including product brochures, training decks, FAQs, videos, and social media assets to help you use and share X₂O confidently.

WHERE CAN I FIND X₂O SALES AND TRAINING MATERIALS?

All X₂O assets are available in your LifeWave Back Office under the "Resources" or "Marketing Tools" section. You can also access product updates in the LifeWave InTouch App.

ARE THERE ANY PROMOTIONS OR SPECIAL OFFERS AVAILABLE FOR X₂O?

LifeWave occasionally offers special promotions, product bundles, or limited-time discounts on X₂O. To stay informed, check the LifeWave website, subscribe to our email updates, or contact your Brand Partner for the latest offers.

DISCLAIMER: LifeWave products are for general wellness and are intended only to maintain or encourage a general state of health or a healthy activity. The content provided by LifeWave is presented in summary form, is general in nature, and is provided for informational purposes only. Always consult with your physician or other qualified health care provider before embarking on a new health regimen, diet, or fitness program. Do not disregard any medical advice you have received or delay in seeking it. LifeWave reserves the right to change product prices or selection.

ARE THERE ANY STATE-SPECIFIC PURCHASE RESTRICTIONS FOR LIFEWAVE X₂O?

Yes. Temporary purchase restrictions currently apply in California, Wisconsin, and Iowa. These restrictions are expected to be lifted later in 2026.

CAN I RESELL MY LIFEWAVE X₂O LIGHT-INFUSED WATER SYSTEM?

Yes. You may sell or transfer your LifeWave X₂O Light-Infused Water System to another person. However, the warranty (and any extended warranty) is automatically linked to the original purchaser's name, so you'll need to request a transfer for the new owner to be covered.

HOW DO I TRANSFER THE WARRANTY TO THE NEW OWNER IF I RESELL MY UNIT?

To transfer ownership, please contact LifeWave Customer Service. They will process the transfer so the warranty—or any extended warranty—can be allocated to the new owner. Without this step, warranty coverage will remain in the original purchaser's name.
